General Manager

East Midlands **£Attractive**

We are working with a well-established, waste management business and, due to expansion, have the requirement for an experienced General Manager. Reporting to the board, you will hold responsibility for the waste management business and formulate an overall strategy in line the company's financial targets. You will translate the business strategy into operational plans and targets for each site. Monitor the delivery of business strategy amending throughout the year as appropriate and in line with their financial targets. You will manage and lead employees effectively to ensure teams are motivated. You will hold full responsibility of P&L, budgets, H&S and with your strong commercial expertise, spot new business opportunities and assist with business growth.

In order to be considered you will have a proven track record in achieving business growth and an autonomous leader with the ability to drive change confidentially and effectively. You must have experience within a similar role within the waste sector or heavy industry.

This is an excellent opportunity to really make a difference.
