

Role

Asbestos Analyst

Location: Essex

A small but steadily growing Asbestos Consultancy is entering an exciting growth phase, and they are subsequently looking to grow their team in the Essex office.

The company is looking to recruit an experience analyst to work as part of a team of scientific staff principally engaged in monitoring of asbestos remediation works, alongside the preparation of air test reports and certification of reoccupation on site, You will become a productive team member within their Asbestos Division, helping the company to maintain their high standard of customer services by providing an efficient site testing service within specified timescales. You will be covering the South East of England and will be working on contracts in Essex/London/Cambs/Northampton, so it would be beneficial if you were based within the South East/Essex/Northampton/East Anglia & Kent region, you would be based from home and would be responsible for submitting reports to head office electronically.

You will be required to carry out smoke tests, air tests including background, leak, clearance, reassurance and personal samples, visual examinations, four-stage clearances in the most cost-effective manner ensuring that the customer's requirements are met and comply with UKAS procedures by taking part in the companies routine internal and external QA/QC programmes to ensure a high quality is maintained for the services supplied. Some projects will be railways related, and part of the induction will incorporate Personal Track Safety Training.

Candidates must hold a P403/404 qualification and driving license. Strong interpersonal skills and the ability to work in a team are also prerequisites This is a fantastic opportunity to join a reputable, well respected organisation, which looks after its staff. So if you feel career progression is limited where you are and you want to fast track your career then please contact us now to get your career to the next level. The company can offer a generous basic salary + company vehicle and fuel card.
