

**Bid Manager (x2)**

**London**

**£Attractive**

We are working with a leading waste management services company who have the requirement for two experienced bid managers who will report to the Tendering Business Partner and take on responsibility for writing, developing and completing tenders for both public and private sector bids for a range of waste and associated projects, control the bid writing process and where necessary lead a 'project team' and/or 'bid team' to ensure all required information for the written bid is made available, collated and produced in such a manner that all the tender requirements are relevant and compliant with the RfP/ITT documents.

There will also be a number of others duties for the successful candidates, including but not limited to maintaining the internal commercial and technical libraries including previous project submission documentation.

In order to be considered for these roles you must have at least 10 years experience in a bid writing/management role within a waste management field, ideally hold a degree and have experience in bidding for projects in Africa (desirable), and strong fluency in French is essential.
