

**Project Engineer**

**Midlands**

**£Competitive + car/allowance & benefits**

---

Reporting to the Senior Project Manager, the appointed Project Engineer will carry out a number of tasks on contracted sites, on a number of BMS, including but not limited to; commissioning of new panels and building management systems, building graphic pages, preparing O & M Materials and completing relevant paperwork i.e witnessing sheets and commissioning sheets, as well as building ongoing relationships with customers and a number of other tasks.

The successful candidate will be from a BMS background, with management experience particularly in project management, ideally have a HND in engineering and be competent in manufacturers' equipment such as Cylon, Priva and Trend.
