

National Account Director

UK

£Competitive

We are working with a leading energy and services company who have the requirement for an experienced account director to join their team and take on responsibility for managing contracts safely and at the lowest possible cost without compromising the quality of service, the customer reputation and branding. As well as acting as the single point of contact and hold management responsibility for the contract, you will deal with day-to-day liaison with both the customers and client teams to ensure full engagement between customer centre managers and FM teams and drive the strategic development whilst ensuring continuous contract evolution, as well as a large number of varied tasks as required.

In order to be considered you will have a minimum of 10 years technical/building services experience with HNC (or equivalent qualification), experience in managing mobile engineering teams with dedicated helpdesk support functions, be technically able to understand building services systems and able to diagnose and resolve problems and hold a full UK driving licence and be willing to travel.

For full details email craig@candovergreen.com with your CV attached and stating **Job Ref: CM2121**
