

HGV Fitter/Technician

West Midlands

£35-40k plus Overtime

We are working with a well-established and successful waste recycling company who have the opportunities for a Fitters and Technicians to join their operations team based in the West Midlands. The role; Carrying out vehicle maintenance including servicing, inspections, defect repairs, MOT preparations and breakdowns as well as any other work requested by the Workshop Manager. You must be able to demonstrate good communication skills and be able to understand instructions given by the workshop manager. You will be a diligent individual who perseveres to deliver only quality output and strive to complete tasks right first time. In order to be considered for this role you will have; a qualification in a mechanical discipline; Experience working on light and heavy goods vehicles; Experience in the use of diagnostics equipment or the ability to learn; Full UK Driving Licence; Understanding of MOT standards and legal compliance; Understanding of 6 weekly service inspections and legal compliance to VOSA standards; Must be able to work alone or as part of a team; Must have own tools – Air tools, torque wrenches etc provided. If not able to provide own tools the company is willing to do so at cost price and a monthly agreed amount for deduction from salary. Desirable; HGV licence Class 2/1; Knowledge and experience of JCB plant equipment; Experience with vehicle or plant electrical systems; Competency in Mig welding. The role is permanent and full time with contracted hours of 45hrs per week, Monday to Friday with overtime on offer daily and weekends. Core operational hours are between 0600 - 1700 with the technicians/fitters on a rotation to cover the operation within their contracted hours. Shift 1: 0600 - 1600 (2 x 30-minute breaks). Shift 2: 0700 – 1700 (2 x 30-minute breaks). Alternating weekly between shift 1 and 2.
