

**North West**

**SHEQ Manager**

**£-Attractive**

---

I am working with a leading waste resource business who has the requirement for an environmental/waste expert with health and safety expertise, and COMAH experience who can advise, guide and manage the SHEQ process for this site. The purpose of this role will be to ensure that the sites operate safely and effectively in line with current company policies and procedures to ensure the ongoing effectiveness and suitability of these management systems. In order to be considered for this role you will have the following; Experience of COMAH regulations; Experience of environmental management and compliance ideally with certificate in environmental management; Qualifications in SHEQ/HSE; Experience of liaising with regulatory bodies such as the EA and HSE; Experience of site based SHEQ Management role. Knowledge: HSE Legislation, Guidance and Standards; Quality, H&S, Environment Management Systems; COMAH management.
